## **ON CENTER SOFTWARE TO PRESENT AT AWCI 66<sup>TH</sup> ANNUAL CONFERENCE**

**CECILIA PADILLA SPEAKS AT BUSINESS WORKSHOP DURING GLOBAL CONFERENCE**

**The Woodlands, Texas (November 2011)** — [On Center Software](#) Vice President Cecilia Padilla will be hosting a 45-minute business workshop during the 2011 Australian Association of Wall and Ceiling Industries Conference on Monday November 7, 2011 at Reef View Hotel on Hamilton Island, Queensland.

Mrs. Padilla is an internationally known expert in the commercial construction industry. In her upcoming workshop, entitled 'Future Trends in Estimating and Project Management,' Mrs. Padilla will be discussing future developments in estimating software; including her views on where the industry has been and will be advancing.

"I am honored that I have been asked to present at such a key gathering of experts in Australia," Mrs. Padilla continued, "I look forward to meeting other industry thought leaders and brainstorming on best-practices in our industry."

Mrs. Padilla brings over 25 years of experience in estimating and project management for commercial drywall and plastering projects. Prior to joining On Center Software in 2008, she worked closely with the company given her 14 years of hands-on and beta testing with the solution portfolio of Quick Bid, On-Screen Takeoff<sup>®</sup>, and Digital Production Control<sup>™</sup>.

### **On Center Software, The First Name in Construction Software.**

On Center Software, Inc., is a privately held company providing software and training to construction-industry professionals. Located in The Woodlands, Texas, the company's mission is to transform the estimating, takeoff, and production-tracking experience with comprehensive software solutions that turn winning bids into profitable projects. On Center Software products include Quick Bid, On-Screen Takeoff<sup>®</sup>, and Digital Production Control<sup>™</sup>.
