## ON CENTER SOFTWARE ACADEMIC PROGRAM OFFERS COLLEGE SCHOLARSHIP

*The Woodlands, Texas (March 29, 2011)* – On Center Software is pleased to announce its 2011 Academic Program Scholarship is now open to applicants. The scholarship will be awarded to a university student currently enrolled in a construction-engineering program at an accredited U.S. school.

A \$1,000 scholarship will be awarded to one student during both the fall and spring semesters of each academic year. To apply for the upcoming fall semester, students must complete a case study using On Center Software's Quick Bid and/or On-Screen Takeoff programs, and submit it before May 31, 2011. Free trial software licenses are available for students who wish to participate, because it is On Center Software's goal to provide the next generation of construction professionals with the tools they need to succeed in the industry.

Scholarship recipients will be determined based on the following criteria:

- Professionalism of case study
- Content
- Industry knowledge and standards
- Level of software usage
- Grammar
- Format

Possible case study topics include:

- Electronic plans and bidding
- The cost and effect of change orders on a project
- Rapid takeoff with several methods of organization
- Takeoff ideas and concepts for customers using software

The winner of the On Center Software Academic Program Scholarship will have his/her case study published on [www.oncenter.com](http://www.oncenter.com), and it will be showcased within universities across the U.S. For a complete list of rules and requirements, please contact On Center Software's Academic Program representatives at [educator@oncenter.com](mailto:educator@oncenter.com), or call us at **800.880.8254**.
